

IGCSE Geography Revision List – May 2021 – Grade 9

Theme	What to revise	Case Study?	Tick when revised.
General	Read & interpret Line graphs, bar charts & scatter graphs and basic maps.		
Population	What causes high death rates/ high birth rates in LEDCs		
Population	The causes and effects of youthful populations in LEDCs	The Gambia	
Population	Why there are low birth rates/low death rates in MEDCs	France	
Population	The ageing issues in MEDC's.	France	
Population	Understand what is meant by: <ul style="list-style-type: none"> • birth rate • death rate • life expectancy • infant mortality • literacy rates and how to work out natural population growth (i.e., difference between birth & death rate)		
Population	Why are populations growing fast (natural increase) in LEDCs?	The Gambia	
Population	How countries try to reduce their population growth (anti-natalist policy) and the consequences (good & bad).	China One Child Policy	
Population	Why some countries are overpopulated and what causes high population densities.	Bangladesh	
Population	Why some countries are underpopulated and what causes low population densities.	Australia	
Population	International Migration (push / pull factors) as well as the positive and negative effects of migration.	Mexico to USA	

Population	Internal Migration (push / pull factors) as well as the positive and negative effects of migration.	North East Brazil to Rio De Janeiro.	
Settlement	Remember the settlement hierarchy – A3 sheet & triangle shaped diagram.		
Settlement	The causes and effects of congestion in urban areas and methods used to manage it.	Toulouse, France	
Settlement	What does the term ‘urbanisation’ mean? How does it impact the people who live there?	Rio – Brazil Toulouse – France Favelas in Rio Inequality in Toulouse / Congestion	
Settlement	Zones of a city (Burgess & Hoyt) and recognise these zones and different land uses.	Hoyt – Rio, Brazil. Burgess - Toulouse and surrounding area.	
Settlement	What is urban sprawl and how does it affect an urban area that you have studied?	Colomiers and the areas around our school.	

You have your folders and a blue revision guide that I gave you before we left at the start of confinement. If you need anything else over the holidays, please let me know either by Teams or send me an email. All our work is on geographypods and is laid out in the order that we studied it. Please consult the pages on the website to refresh your knowledge.

I will post an example Paper 1 & mark scheme on Teams in the next few days so that you can see what Question 1 & 2 look like. Of course, you can ignore the rest of the Paper 1 (Question 3 – 6) because you are not going to be tested on those sections.

Work hard.

Mr Podbury
