

G7 – Globalization & Me Essay Markscheme

	Grade F – D (Bronze 35- 54%)	Grade C (Silver 55-64%)	Grade B- A* (Gold – 65% - 100%)
Paragraph 1	A short sentence about you and why you are in France. Very limited detail with no maps or images.	A description of you, your family and why you are in France. A map to show where you have been to, and some information on the languages you speak or the nationalities you have.	A detailed description of you, your family and why you are in France. Details of where you have previously lived. A map to show where you have been to and some information on the languages you speak or the nationalities you have. Several images might be present.
Paragraph 2	There is a definition, but it is either incorrect or it does not make sense	The definition is clear although it might have been copied and pasted from the internet and is not in your own words	The definition is clear and well-written. It is written in your own words and contains references to different factors like technology, travel, money, goods and services.
Paragraph 3	There are some very basic details about what helps to spread globalization. Some may be incorrect or not properly understood.	There is a good attempt to explain what helps to spread globalization that covers three or four different factors – and are correctly explained.	There is an excellent description of at least 8 of the factors that spread globalization. You have given real life examples of each factor e.g. buy – Amazon.fr.
Paragraph 4	Your list maybe one or two things that are positive about globalization, but there is no explanation.	You describe the positive aspects of globalization on you and your family. You might give real-life examples e.g. travelling to a foreign country to see relatives etc.	You describe in detail the positive aspects of globalization to you and your family. You give multiple real-life examples of how globalization makes your lives better. You also explain what goods/services you couldn't live without
Paragraph 5	There is a list of the potential issues caused by globalization, but they are not explained. There is no reference to other places in the world.	You describe some of the negative impacts of globalization on your life and the life of other people in other parts of the world. You might not give exact details or name places.	You explain how globalization affects me & other people in a negative way (Meem??). You mention at least one other place in the world (apart from France) where globalisation has / is causing problems for the environment, cultures, working conditions and wages.
Paragraph 6	You make a brief conclusion that might not summarise what you have previously written.	You write a good conclusion that covers three of the bullet points on the planning document	You write a clear and concise conclusion that covers all the points on the planning document. It is very clear if globalization makes your life better or worse overall and you give you main reason for this.
