

Name

## IGCSE Geography – Settlement Siting Factors and Change

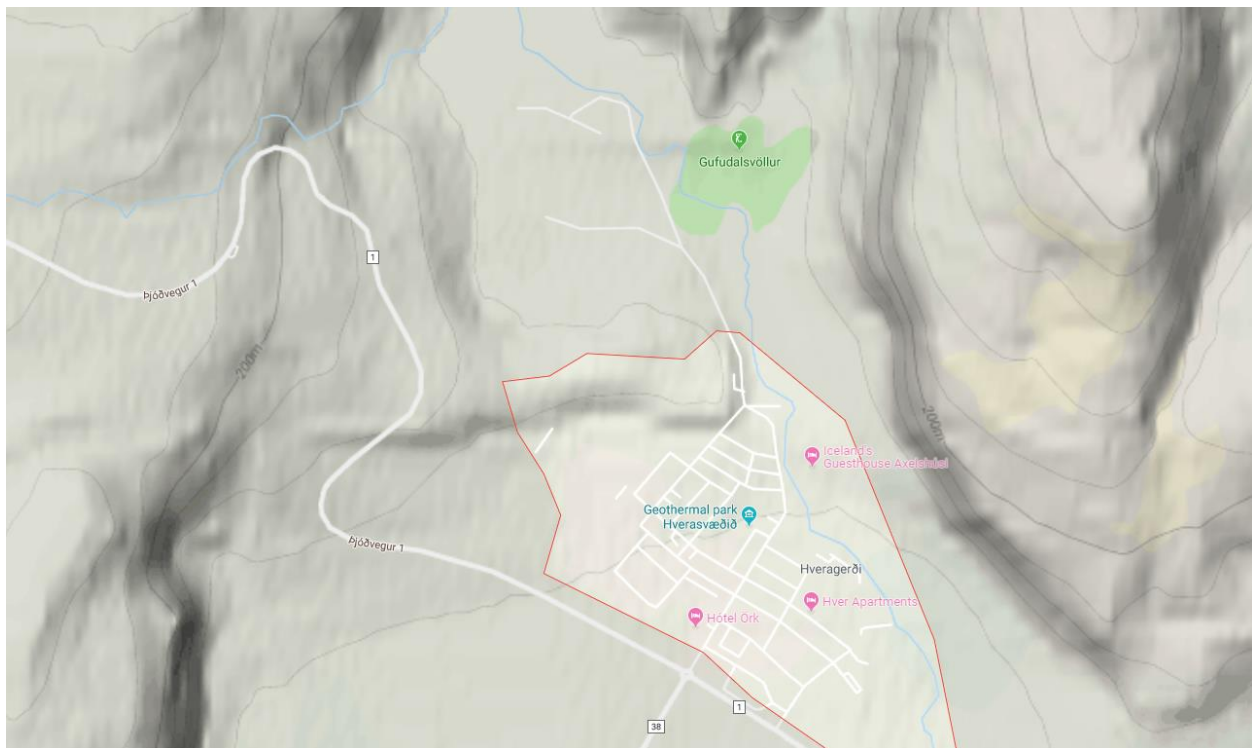

Describe the site and situation of Hveragerði and mark on its location on the map below together with the capital city and three other settlements.

Name

Every settlement was created because of one or more siting factors. Study the Google Map carefully on geographypods and identify as many of these siting factors that led to the growth and development of Hveragerði.

Siting Factor	Evidence from the map
Water Supply	
Natural Resources	
Relief (see map below for further help).	
Accessibility

Name

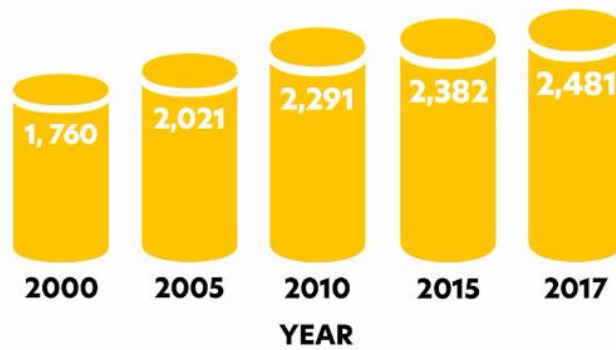

You are now going to be watching the 7 minute video presented by Simon Ross. Take notes using the framework beneath on how endogenous and exogenous factors have led to the town of Hveragerdi growing in recent times.

Feature	Photo	Explanation for growth
<b>Part 1 – Endogenous Factors. Define:</b>		
		
		
		
<b>Part 2 – Exogenous factors. Define:</b>		
		

Name

Listen to the mayor of Hveragerði and make notes on why she thinks the town has grown over the last 10 years and how she markets the town to tourists.

**Hveragerði population estimates**

The graph above shows the population growth of Hveragerði since 2000. Describe the overall trend and calculate the overall population growth over the 17 years.
