IGCSE Geography – Deforestation of the Rainforest

Comment on the patterns of suffered forest loss (deforestation) globally between 2000-2017. Include reference to **at least two** countries and possible reasons for deforestation in these places.

Is the problem of deforestation a problem associated with LICs and MICs only?

Task - What's the story in Brazil?

There were mixed messages coming from Brazil in 2013. On one hand you have news reports like the video embedded on geographypods.

i. Watch this video and make notes on the methods using in Brazil to slow down the rate of un-managed deforestation on the left hand print.

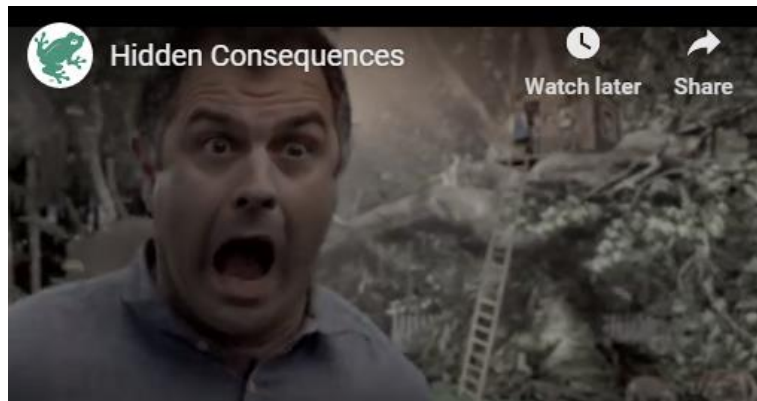

ii. Then, read the BBC News article from November 2013 and make notes on the issues that Brazil now finds itself trying to combat (on the right hand print).

Task – 10 common rainforest products that I regularly use. Use the link on geographypods to help.
